WA Mens Gathering 2011 asks are you : Lost in the Male?

The WA Mens gathering this year will explore what actually can be Found in the Male.

Maybe you have never thought of attending a Men's Gathering.

Well, think again, as a great opportunity awaits you in November 2011.

Come along and join with other good men and feel the power of authentic interaction with likeminded men and experience fellowship whilst nurturing your true male spirit.

Find out what it is like to be part of a men's group and share your thoughts, dreams and experience with supportive men in a safe setting. Listen to and participate in workshops on maintaining and enhancing your health, exploring your creative potential, and developing strong, rewarding relationships

All men need time away from their day to day routine and time out to create awareness around where they are at in life, and to enhance their potential as males in their communities, families, relationships and work. The Men's Gathering provides a safe and supportive environment to do this. Here we do not judge success or failure, or pigeon hole people by occupation, education or earnings. Here we jointly explore our common strengths and challenges, and value the gifts we all bring through sharing our life stories and experiences in small groups and workshops.

What you get

This year's workshops and activities are focussed on three aspects that can enhance every man's life: Our Health, Creative Expression and Our Beliefs and Spirituality.

Interactive workshops aim to enhance your insights into where you are at and where you are going, and small groups allow you to discuss and explore personal issues and challenges as well as lessons learnt. You can also celebrate through dance, sit in meditation, try some yoga, go for a walk or just relax and have fun. The gathering fee includes all meals, accommodation and activities.

Registration Form
